

Exciting news! Commissioned by Bradford NHS CCG, Healthy Minds Apprentices aka Team KCU delivered their award-winning anti-bullying campaign at Greengates Primary School. The interactive campaign delivered in classrooms focuses on instilling the values of kindness, compassion and understanding, as well as raising awareness around empathy, equity, equality, diversity, and inclusion with a view to reduce bullying, hate crime and loneliness within the school environment. Within the campaign, pupils have an opportunity to talk about their feelings and emotions, make a contribution towards their community and school and support and encourage their peers. They will continue to work with us as a school to support our work on personal development.

The children gave the following feedback. Our pupils said...

'You have to be kind to each other.' Y1

'We liked the KCU team. They were very kind people.' Y2

'It is important to use gentle words and be understanding with each other.' Y4

'We liked the assembly and the workshops. We got to talk about all the ways we can show kindness to each other.' Y6

Young KCU Apprentice Chloe stated:

*'Greengates Primary is an amazing school. The pupils were really engaged and behind our message. In particular, Years 3 and 5 were standout classes. We're looking forward to visiting the school again to deliver more sessions'*
