

### Year 6 Transition to High School

Our year 6 pupils received a visit from two high school students. One year-7-pupil and one year-9-pupil. Our pupils had the opportunity to ask lots of questions about SATs such as what they did to prepare and how they felt during them. They were also able to ask lots of questions about high school and get the answers from a student's perspective. A special thank you to Naina Digpal and Natasha Rowley for doing this. Furthermore, our Year 6 pupils also took part in a workshop to help them to understand how to deal with anxiety, they found this very useful in the run up to SATs.
